

MUCOTRYL: the tangible difference

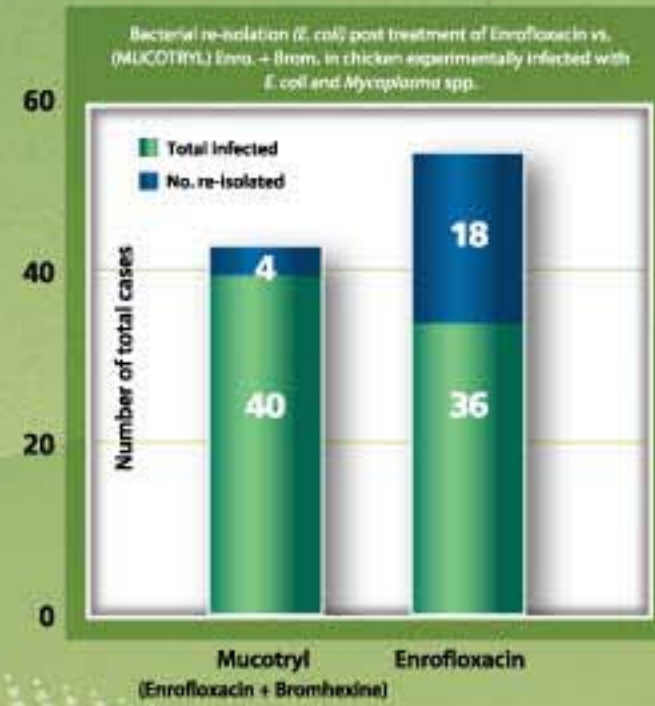

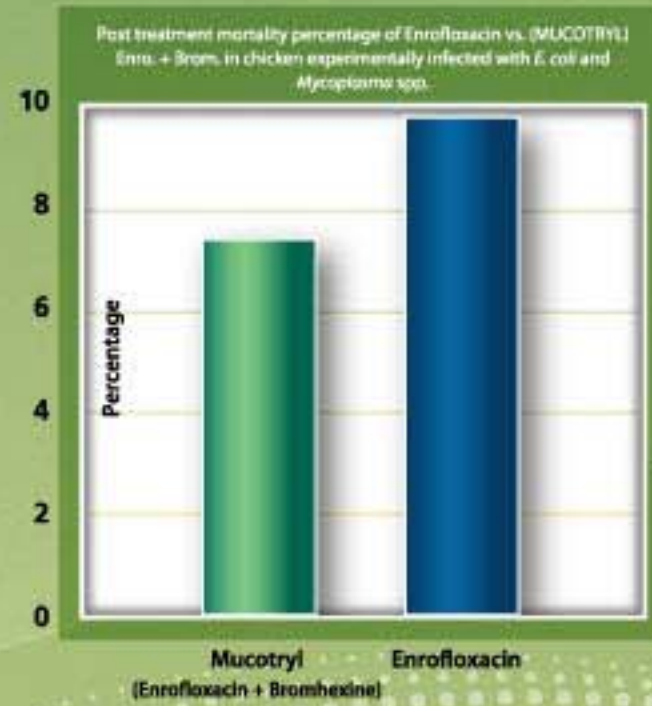

Controlled studies had shown significantly reduced post infection mortality when treated with MUCOTRYL ...

Higher efficacy, same dose...

You will undoubtedly harvest the results of safer Enrofloxacin use by the virtue of maintaining the same dose; MUCOTRYL will help you in that.

No more resistance...

Our studies had shown MUCOTRYL to result in significantly lowered bacterial re-isolation, insuring you success at the first hit!

MUCOTRYL: the convenient versatile solution...

MUCOTRYL Oral

• Poultry: (To obtain a concentration of 25 to 50 ppm of enrofloxacin), 1 ml per 2-4 liters of drinking water daily for 3-5 days.
